

K Trying Hard to Bring Finns Into Red Fold

By STANLEY JOHNSON

MOSCOW (AP) — Premier Khrushchev told Finnish President Urho Kekkonen today the Soviet Union "can no longer regard the north of Europe as an area of peace and tranquility" because of the activity of West German military leaders. He declared it is essential to make measures "before it is too late."

Khrushchev and Kekkonen conferred in a cottage at remote Novosibirsk in Siberia where Khrushchev sought direct word from Khrushchev on what is behind his demand for military consultations with the little north European country.

The result of his talks was still a guarded secret.

The atmosphere in diplomatic circles, fearful that Finland's neutrality might be menaced by a Soviet demand for military bases, was brightened somewhat by a joint communique issued after the conference.

It said the talks were held "in a spirit of open-mindedness, mutual understanding and sincere confidence."

The communique said the two leaders met in "a hearty and friendly atmosphere."

But a report by Tass, official Soviet news agency, on Khrushchev's speech at a luncheon given for Kekkonen immediately after the talks, emphasized that Khrushchev has not changed his mind since military consultations were demanded on Oct. 30.

Finland's neutrality is an important guarantee of the preservation of peace and tranquility in the Baltic area, he said, adding that the Soviet Union considers it necessary to take measures "before it is too late for curbing the West German militarists and revanchists."

He said Russia was convinced that Norway and Denmark, by cooperating with West Germany in the North Atlantic Treaty Organization, were undermining their own security and bringing "the threat on the part of German militarists and revanchists closer to the shores of Finland and the Soviet Union."

He said Norway and Denmark continued to view their military ties with West Germany "through rose-tinted glasses" despite the dangers pointed out by the Soviet Union.

West German Defense Minister Franz Josef Strauss' visits to Norway and Denmark to discuss military questions, and plans to set up a joint Danish-West German military command, he added, "bear a strong resemblance to a military demonstration of a kind."

The situation, he declared, calls for "further consolidation of all-round cooperation" between Finland and Soviet Russia, and demands "firm confidence" that Finland will continue a policy of friendly relations with Moscow.

He voiced the suspicion that right-wing Finnish groups, including the former Social Democrat, Foreign Minister Vilho Tanner, were seeking restoration of a "brotherhood in arms" with West Germans.

A member of Kekkonen's party, reached by telephone at Novosibirsk, refused to give any details of the talks from the Finnish side, except that they were held in a "cottage" on the outskirts of the Siberian city.

He said Kekkonen would make a report in a speech upon arrival in Moscow Saturday, and in another speech on his return to Helsinki.

Khrushchev interrupted a tour of Siberian farming areas for the conference.

Brazil Renews Relations With Russia; Act May Be Trouble for Government of Neves

By EDWARD T. BUTLER

RIO DE JANEIRO, Brazil (AP) — Brazil renewed diplomatic relations with the Soviet Union Thursday in a move apparently intended to demonstrate its freedom from U.S. domination—but it could mean trouble for the wobbly young government of Premier Tancred Neves.

After a 14-year break, Foreign Minister Francisco Sallago Dantas announced the resumption of formal ties with Moscow during a tumultuous session of the Chamber of Deputies in Brasilia. Anti-Communist deputies almost shouted him down.

Angry congressmen, shouting "shame" contended that the Communists already had a strong hold in Brazil without the presence of Soviet diplomats in Rio de Janeiro and the inland capital.

Neves told newsmen that the renewal of relations did not mean that Brazil—which is 95 per cent Roman Catholic—is selling out its democratic Christian ideals.

There has been no concession on the part of the Brazilian government, said Neves.

Relations with the Soviet Union have been a hot potato for Brazilian politicians since President Eurico Gaspar Dutra angrily broke with Moscow in 1947 because of Soviet newspaper attacks on him and Brazilian army generals.

President Juscelino Kubitschek toyed with the idea of restoring relations. He finally sided with the West in the cold war, but he did set up commercial relations with the Soviet Union.

Enigmatic Janio Quadros—who succeeded Kubitschek and then quit in a huff last August, set in motion the machinery to exchange envoys with Moscow once more.

Holiday Toll of Deaths Reach 199

By THE ASSOCIATED PRESS

Traffic 164
Fires 16
Miscellaneous 199

Fatalities on the nation's streets and highways mounted steadily today in the second day of the four-day Thanksgiving weekend.

Deaths in traffic totaled 164 since the count of holiday weekend fatalities started at 6 p.m. local time, Wednesday. Fires killed 16 and there were 19 deaths reported in miscellaneous mishaps.

Driving was made hazardous in some areas by rain although most of the country had fair weather. The head-on crash of a truck and an automobile near Rochester, N.Y., accounted for four traffic fatalities.

Two firemen and a porter died in a fire that swept through a section of the Times Tower building in New York Wednesday night. The 102-hour weekend ends at midnight Sunday.

The National Safety Council did not make an estimate of traffic fatalities for the period but the council said traffic deaths during a nonholiday, four-day weekend would total 450 at this time of the year.

A survey by The Associated Press made during a 102-hour nonholiday weekend showed 462 traffic deaths, 37 killed in fires and 106 fatalities in miscellaneous mishaps for an over-all total of 605.

The survey, made for comparative purposes, covered the period from 6 p.m., Wednesday, Nov. 8 to midnight, Sunday, Nov. 12.

During the 1960 Thanksgiving weekend, a four-day period, there were 432 traffic deaths, 51 killed in fires and 115 fatalities in miscellaneous mishaps for a total of 608.

U. S. to Sell More Food to Yugoslavia

WASHINGTON (AP) — The United States says it is willing to arrange to sell more surplus food to Yugoslavia.

Belgrade sources said Thursday that Washington already had agreed to the sale of another 500,000 tons of wheat asked by President Tito. He said the grain was badly needed because of Yugoslav crop failures.

But the State Department said Thursday night the two governments still are discussing terms of the deal and the amount of farm commodities to be sold.

"This action represents a continuation of the practice of supplying agricultural commodities to Yugoslavia which began 11 years ago," the State Department said. It added that the arrangement came under a law which permits sale of surplus commodities for local currencies which are then loaned back or given as grants to the government making the purchase.

The Tito government had considered the delay in the sale as economic pressure on Yugoslavia because of its nonaligned policies.

Dominican Mob Looting Trujillo Owned Stores

By ROBERT BESNELLEZ

SANTO DOINGO, Dominican Republic (AP) — Tanks roared through the streets of the newly renamed Dominican capital and jet planes zoomed overhead Thursday night to break up mobs looting Trujillo-owned properties.

President Joaquin Balaguer proclaimed a dusk-to-dawn curfew after the most violent rioting since assassination removed Dictator Rafael L. Trujillo's iron control and started the nation on the heady path of liberty.

The troops cleared the streets of the capital and patrolled through the night amid fears of continuing new outbreaks of vengeance against the Trujillos, all of whom have now fled the island.

The city — changed Thursday from Ciudad Trujillo to its ancient name of Santo Domingo by Congress—remained tense.

Explosions crackled throughout the night. But there were few persons on the streets and it appeared the bombs were set off by troops as a warning to vandals.

Tanks and Vampire jet planes were called out to put down the rioters. Soldier patrols removed all weapons and bullets from gun stores. The president blamed the violence on the Communists.

The ransacking of properties owned by the Trujillos, who ran this Caribbean nation as a private preserve for 31 years, came as the last members of the family fled into exile.

Among the last to leave was the late dictator's mother, Julia Molina Trujillo, 96. A hostile crowd at the airport fell silent as she was hoisted aboard a plane in a wheelchair for a flight to Miami.

The departure of the Trujillos left the island nation confused and wondering what next.

Balaguer in a nationwide broadcast declared: "A formula is urgent and indispensable to calm public unrest." But he was not specific.

He appealed for confidence in his promises to install democracy and said he was working toward a new formula for the government which would have the approval of the political opposition outside the extreme left wing.

This was taken to mean he was trying to work out a coalition or provisional government, but informed sources said leaders of the three chief opposition factions had "serious reserves" about the president's speech.

Meanwhile, U.S. warships still patrolled off the capital, outside the three-mile territorial limit. The U.S. government rushed them down when brothers of the dictator returned to the island last week, raising fears of a coup against Balaguer, but so far the president has not asked for their intervention.

Long Missing Body of Famed U. S. Flier Amelia Earhart May Have Been Recovered

GUAM (AP) — Skeletal remains of two bodies, possibly those of famed American aviatrix Amelia Earhart and her navigator, Fred Noonan, who disappeared over the Pacific during an around-the-world flight in 1937, were found recently in a grave on Saipan Island, it was disclosed today.

The remains, including dental plates and bones discovered in September, were in a box being flown today to the University of California at Berkeley for anthropological study.

Willis Snyder, Pan American Airways district manager at Guam, related that those who recovered the remains said they included dental plates.

The plates and bones were being sent to Dr. Theodore D. McCown, professor of anthropology at the University of California, for study.

At Berkeley, Dr. McCown said he had been informed of the discovery, but knew nothing about the bones or dental plates.

In Medford, Mass., Mrs. Albert Morrissey, Amelia's sister said she had been advised of the Guam finding but expressed little confidence that it was that of her sister.

Mrs. Morrissey said no dental chart on Amelia Earhart exists. She said an existing chart on Noonan might shed some light on the identity of the remains of the two bodies.

Discovery of the skeletal remains may be the first tangible clues as to what happened to Miss Earhart and Noonan after they were last heard from by radio July 2, 1937, as they were flying across the Pacific.

A plane generator, thought to have been from Miss Earhart's plane, was found in Saipan harbor last year.

Many theories were advanced as to the fliers' fate.

The latest version, from those who recovered the remains, was that the generator on Miss Earhart's twin engine plane broke down as she landed at Yap.

A new generator was installed and the plane hopped to Saipan, where she and Noonan were imprisoned by the Japanese.

It was said Miss Earhart died of dysentery and Noonan was Continued on Page Six

President Calls in Advisers for Conferences

By KARL R. BAUMAN

HYANNIS FORT, Mass. (AP) — A one-day respite from the burdens of office ended today for President Kennedy as he called in key advisers for conferences on defense spending, civil defense and trade policy.

Secretary of Defense Robert S. McNamara headed the delegation coming from Washington for day-long talks at the President's Cape Cod home.

Kennedy set up three separate conferences, the first beginning at 10 a.m. and dealing with the problem of trade policy.

This will be followed by a two-hour session on defense spending during the fiscal year starting next July 1. A mid-afternoon talk on civil defense will wind up the meetings.

Joining Kennedy in the trade policy talks were Undersecretary of State George Ball, Howard Peterson, the President's trade policy adviser, and Theodore Sorenson, his special counsel.

McNamara, Gen. Lyman L. Lemnitzer, chairman of the Joint Chiefs of Staff; Budget Director David Bell, Gen. Maxwell D. Taylor, Kennedy's military adviser, and McGeorge Bundy, presidential assistant for national security affairs, were listed for the defense budget conference.

McNamara, Lemnitzer, Taylor, Bundy and Stuart Pittman, assistant secretary of defense for civil defense, will go over civil defense matters with Kennedy. The emphasis is expected to be on fallout shelters.

Kennedy said at his last news conference, Nov. 8, "We are going to ask for additional funds for defense next year."

Defense spending, assuming the world tensions continue, is expected to reach the area of \$50 billion in the next fiscal year.

Defense spending during the present fiscal year now is estimated at \$46.6 billion. This compares with the \$42.9 billion originally proposed by the Eisenhower administration. This was revised last March to \$43.8 billion, then raised again when the Berlin crisis developed last summer.

Kennedy, like millions of other Americans, took Thursday off from work to spend Thanksgiving relaxing and eating turkey at a big family reunion.

All told, 13 Kennedy adults and in laws and 15 of their offspring, including Caroline, gathered at the home of the President's parents, Mr. and Mrs. Joseph P. Kennedy, for the holiday meal.

Praises County Government

LITTLE ROCK (AP) — The president of the Arkansas County Judges Association said today that "county government is just as good as people want it to be."

Judge Ray Sikes of Little River County made the comment in opening the annual meeting of the Arkansas County Judges Association here.

He said also that county government in Arkansas is "the envy of our sister states."

"All we have to fear in this state is complacency," Sikes said. He commented that a judge can't "move without the press or someone jumping on him," and added that "this is a good thing."

Facelifting for Last of the 3 R's

By LARRY OSIUS
 WASHINGTON (AP) — The last of the three R's—rithmetic—is undergoing a face-lifting in many high schools.
 Instead of concentrating on such things as logarithms, elaborate factoring, and proving solid geometry, many youngsters are spending part of their time on something called "new mathematics." It includes such items as "additive identity," "additive inverse" and the "commutative property of addition."
 Introduction of what some call "new mathematics" has stirred up arguments among educators about its value.
 In its defense, Dr. G. Baley Price, chairman of the department of mathematics at the University of Kansas, says:
 "The technological revolution now in progress requires that new mathematics be taught in our schools, that the emphasis be shifted in the teaching of many subjects already included in our mathematics courses, and that we increase the production of mathematicians and mathematics teachers."

In opposition is Dr. Morris Kline, director of the division of electromagnetic research of the New York University Institute of Mathematical Sciences.
 He says: "The problem is not that our curriculum is outdated, but that we have done a very bad job of presenting the material we have taught."
 Changes may be needed, Dr. Kline says, But "all talk about modern society's requiring a totally new kind of mathematics is sheer nonsense."
 The case for the new program is presented in a manual entitled "The Revolution in School Mathematics" published Thursday by the National Council of Teachers of Mathematics, a division of the National Education Association. Dr. Price is one of the authors.

Air Crash in Alaska Fatal to 5

ANCHORAGE, Alaska (AP) — An Air Force transport carrying 10 men crashed and burned 17 miles south of Whitehorse Thursday. Five men died, two are missing and three parachuted safely.

The pilot was trying to nurse the crippled plane to Whitehorse, where he had taken off moments before. He reported an emergency but did not say what it was. The two-engine C-119 left Elmendorf Air Force Base near here with 14 men aboard. Four left the plane at Whitehorse.

Motorists on the Alaska Highway watched the plane circle and then headed back toward Whitehorse, in Yukon Territory.

It was reported to have crashed in deep snow at the base of a mountain. Temperatures in the area were down around zero.

A transport carried a helicopter from Elmendorf to Whitehorse to use in the search for the missing men. Five parachutes were seen drifting down.

A para-rescue team also was sent from Elmendorf to help in the search.

The three survivors were hospitalized but two were released after a checkup. They were Sgt. Leroy Cotton and A.I.C. J. R. Conklin. Ssgt. Clyde L. Nicholas was held in the Whitehorse hospital for treatment of shock and bruises.

Others on the plane were Capt. Wayne D. Sager, pilot; Capt. Mil-

Resigns From Immigration Post

WASHINGTON (AP) — The White House said today Gen. Joseph M. Swing has resigned as commissioner of immigration and naturalization, a post he has held since 1954.

Raymond F. Farrell, associate commissioner of the Immigration and Naturalization Service, has been picked to take over the top job when Swing steps out Jan. 1.

The White House gave no details.

Swing last June completed 50 years of government service, including a long career in the Army. He was a West Point classmate of former President Dwight D. Eisenhower.

Justice Department sources indicated that the selection of Farrell resulted at least in part from an administration desire to promote a career man to a top echelon post in the department.

ton L. Kimey, co-pilot; Capt. Allen J. White, navigator; Ssgt. Lonnie Z. Foreman, mechanic; A.I.C. William J. Murphy, load master; A.I.C. David L. Paul and M.Sgt. Roger J. Forstner.

The four who left the plane at Whitehorse were Lt. Col. S. G. Haynesworth, Capt. J. A. Hynes, 1st Lt. R. Viener and Ssgt. V. H. Coleman.

The transport was one of several which took off from Elmendorf during the day to carry reservists back to their homes. It was based at Ellington Air Force Base, Houston, Tex.

The reservists had been on active duty in joint Air Force-Army maneuvers at Kodiak.

Story With a Tragic Twist

By HELEN WORDEN ERSKINE

Dear Helen: Tonight I visited a friend. As we were looking out the window we saw a couple kissing on the street below. We thought it very funny, especially when they went into a clinch. After a while we left the window and went into the next room to dance. But something kept drawing me back to the window. Fascinated, I saw the woman give the man a final lingering kiss then get into a nearby parked car. As the light from the corner street lamp shone on her I realized with a shock, that the woman was my mother.

If the Lord could just stop the ache in my heart and dry the tears in my eyes! This is my first real trouble, I'm only 14. Please help me find love for my mother again. Everytime I look at her I see her and that strange man hugging and kissing under the street light. My poor father! What should I do? —Hurt Daughter.

Dear Hurt Daughter: God never gives us a problem which we are not capable of working. So, regard yourself as blessed with this opportunity to mature early in life.

Your mother needs all the understanding you're capable of. Say nothing about having seen her in the arms of that stranger. The problem is for your father, not you, to settle. It may be only a infatuation and to speak out of turn could wreck your home. Draw your mother back into the family circle by making whatever you do a threesome, whether it's going to church, visiting, taking on a movie or week-end shopping.

Ask your father to join you in giving her little surprise presents.

Show her in every way that he and you love her very much. It is she, not your, who is in trouble. Stand by her!

Dear Helen: My husband thinks that if a woman has a pretty figure she should wear tight-fitting clothes which show it off. I don't feel comfortable in skin tight dresses so I don't wear them but my girl friends do. Consequently I see my husband giving them the once over and that turns me into a jealous witch.

He laughs and says it's only me he loves. I wonder. He's the shy, quiet type. They say still waters run deep. I almost die when my women friends tell me he's good looking. Fear of losing him sets me on fire inside and makes me hate the girl then and there.

Is this normal? I don't keep dressed during the day around the house but I try to look my best when we're out, but I never feel I'm fixed enough to please him. Maybe I'm failing him in some way. —Jealous Wife.

Dear Jealous: It's a woman's duty to look her best at all times —indoors and out. Make it your business to be so attractive that your husband's eyes won't stray, then you'll have no cause for jealousy. But don't be too possessive, or he'll wander, out of sheer boredom. There is a happy medium. Instinctively, every woman knows the technique. Play it by ear. Only the unsure are jealous.

Dear Helen: In our community we have birthday calendars. My son is named after his grandfa-

Extremists Denounced by Eisenhower

NEW YORK (AP) — Former President Dwight D. Eisenhower deplores what he calls "super-patriots" and the recent "rise of extremists" in this country.

He also urged armed forces officers to shun partisan politics. Among other points covered by Eisenhower in the second of a series of filmed television interviews presented Thursday night over the CBS TV network:

1. He learned at the first Geneva summit conference that Nikita Khrushchev, and not Soviet Premier Nikolai Bulganin, was the boss of the Soviet delegation.

2. The Soviet Union would never start a nuclear war because of America's destructive power.

3. Sooner or later the Soviet ther. How will people know the difference if the same name appears twice? Would it be proper to put Hiram Reese 2nd after our boy's name, even though it's skipping a generation? What, if anything should I do about this? —Mrs. John Reese, Ashford, Washington.

Dear Mrs. Reese: Your son is entitled to sign himself Hiram Reese II, if only for clarification.

Send your problem to Helen Worden Erskine. Address her care of this newspaper and be sure to enclose a stamped, self-addressed envelope. Helpful leaflets available. Write for "Keystones of The Home."

people will get the word that the free world is against aggression. 4. The foregoing will create pressure inside the Soviet Union for disarmament.

5. The erection of a wall between East and West Berlin is a sign of Soviet weakness.

6. The removal of the body of former Premier Stalin from the tomb in Moscow's Red Square shows Premier Khrushchev is uneasy about something.

In connection with Thanksgiving Day Eisenhower said: "We've got a lot of things to be thankful for. First of all, there's not a war. . . . We are a people that are respected for our strength and not only our military strength, our economic strength throughout the world."

In discussing extremists the former president said: "I don't think the United States needs super-patriots. We need patriotism, honestly practiced by all of us, and we don't need these people that are more patriotic than you or anybody else."

His definition of extremists included those who would "go back to eliminating the income tax. . . and the rights of people to unionize. . . (and those) advocating some form of dictatorship."

It also included, Eisenhower said, those who "make radical statements (and) attack people of good repute who are proved patriots."

Speaking as a general of the Army, Eisenhower said it was "bad practice, very bad" for an officer, even when testifying under oath before a congressional committee, to express opinions on political matters or economic matters that are contrary to the President's.

Navy officer, Air officer should not be talking about political matters, particularly domestically, and never in the international field unless he's asked to do so because of some particular position he might hold."

Hawks Try But Can't Beat Lakers

By THE ASSOCIATED PRESS

The hapless St. Louis Hawks, five-time winner of the Western Division title in the National Basketball Association put on a remarkable — but unsuccessful — comeback Thursday night before bowing to Los Angeles 122-114.

That, combined with Syracuse's 117-99 victory over Cincinnati, gave the pace-setting Lakers a 5½ game bulge atop the Western Division standings and dropped the fourth-place Hawks eight games off the pace.

In the East, the defending champion Boston Celtics resumed their habit of winning the big ones, tripping Wilt Chamberlain and the Philadelphia Warriors 119-106 in Philadelphia. It opened Boston's Eastern lead to 3½ games over the Warriors.

The Hawks pulled up to within 2 points at 77-75 in the third period, but couldn't get closer. They were never closer than four in the last quarter.

Elgin Baylor poured in 40 points and grabbed 23 rebounds for the Lakers.

Boston, trailing 59-55 at the half, struck for 16 points in a four-minute span of the third period while Philadelphia managed a lone free throw. That put them ahead to stay, leading by 6 to 14 points the rest of the way.

Syracuse held Oscar Robertson to 20 points and Jack Twyman to 17 in its relatively easy affair with Cincinnati.

Jap Workers Strike

TOKYO (AP)—About 35,000 of the 57,000 Japanese workers on U.S. military bases in Japan struck for 24 hours today demanding a \$13.80 per month raise in pay. The union said wages now average \$36.31 a month and U.S. officials had offered an average raise of about \$1.

Cuban Food Scarcity

TAMPA, Fla. (AP)—Cuba is suffering from a scarcity of food, clothing, consumer goods — and enthusiasm for the regime of Fidel Castro, says a young couple, recently departed from her homeland.

Camden's Win Streak Is Broken

By THE ASSOCIATED PRESS

A long, impressive winning streak came to an end on the last day of the Arkansas schoolboy football season Thursday. Previously unbeaten Camden took a 34-13 whipping from El Dorado.

Camden had won 10 straight en route to the Region 4AA championship and was ranked third in the state in The Associated Press poll. El Dorado was second in the state after climbing to a tie for second place in the Big Nine Conference.

Camden's demise left only Fort Smith unbeaten among Classes AAA and AA. The Grizzlies won the Big Nine title with 10 straight victories.

Thanksgiving Day football games provided lots of color and just as much good football.

Little Rock Hall beat rival Little Rock Central 9-6 in the final Big Nine game on a 24-yard field goal by Jerry Bass. North Little Rock sent halfback Mike Vaughan scurrying for two touchdowns as it beat Little Rock Catholic, 14-7.

Jonesboro's Hurricane throttled Paragould 40-0, wrapped up the Region 2AA championship, and closed out the season with an 11-1 record.

Pine Bluff sophomore back Gordon Norwood passed for one touchdown and ran for another in leading the Zebras to a 32-0 victory over Class A Stuttgart in a Turkey Day rivalry.

Forrest City trimmed Wyne 19-6 in a Region 2AA game.

El Dorado turned a withering offense loose on Camden and wound up with a 9-2-1 season record. Quarterback Gary Elia, halfbacks Jerry Mooty and David Patterson and the fullback Roy Hughes chopped through the Pan-

del Castro, says a young couple, recently departed from her homeland.

There's a scarcity of everything except informers, the woman told a newsman.

She and her husband, a factory worker, left the country legally several days ago.

ther line and each scored once. Mooty upped his Big Nine-leading point total to 91 with a touchdown and three extra points.

Little Rock Hall turned an intercepted pass and a fumble into

scores in beating Central. Darrell Ward ran 55 yards for Central's only touchdown. Bass missed two field goal attempts, but made the one that counted.

Jonesboro's victory over Para-

gould was filled with long runs. Fred Hogan went 60 yards with a punt return and Andy Anderson passed 53 yards to end Roger Schisler. Halfback Don Murray

went 31 yards to score.

Larry Watkins ran for two touchdowns in leading Hamburg to a 13-7 upset victory over Crossett.

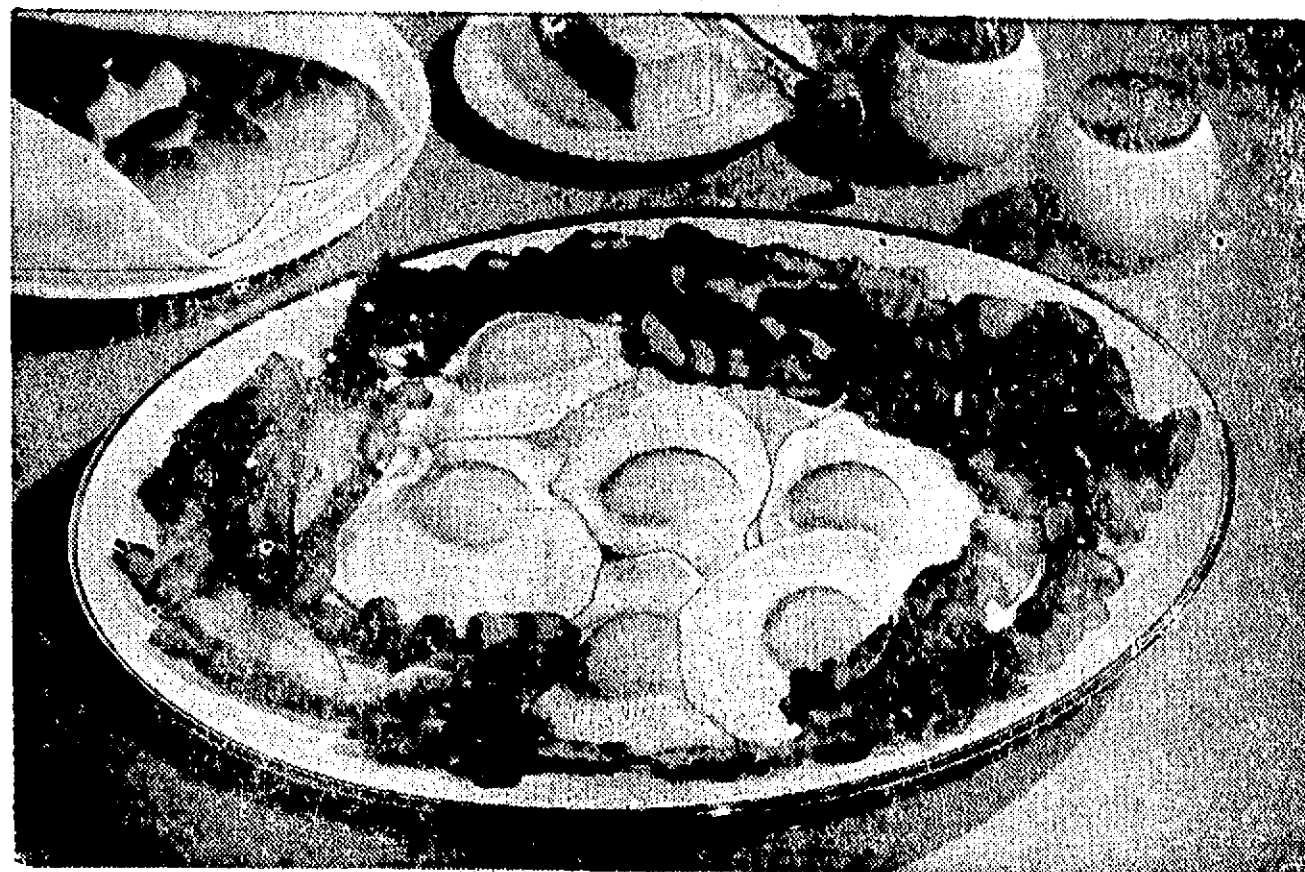

Helena's Indians, who came the touchdown that gave Class A team in Region 3AA, whipped

born for the 2AA title, were tied 6-6 by Class A Marianna in their last outing.

Richard Davis ran 90 yards for

Class AA Newport, an old rival. Class A Nashville sent Class AA Hope to the showers with a 14-0 victory. Jacksonville, third place team in Region 3AA, whipped Class A Cabot, 31-6.

GUAM (AP)—The remains of two human bodies were being flown today to the University of California at Berkeley for anthropological study to determine whether they are those of Amelia Earhart, famed American flier, and her navigator.

Willis Snyder, district manager at Guam for Pan American World Airways, said the remains include dental plates and other bones found in a Saipan grave last September.

The bodies are believed to have been buried about the time Miss Earhart's plane disappeared in 1937.

With her was Fred Noonan, her navigator.

Snyder said the box is being sent to Dr. Theodore D. McCown, anthropology professor at University of California.

There were reports last year that parts of the Earhart plane had been recovered from shallow coastal waters at Saipan and that Japanese who occupied the island before World War II, had executed both Miss Earhart and Noonan.

The latest version is that the plane's generator broke as they landed at Yap, that a new one was installed there, and that the two continued to Saipan where they were imprisoned by the Japanese.

That version says Miss Earhart died of dysentery and that Noonan was shot.

The secret talks were a supreme effort by Kekkonen to find out just what Khrushchev wants from his small beleaguered homeland.

Alleging a threat to both countries from West Germany, Russia has demanded joint defense talks. Such joint defense could have a tremendous impact on Finnish independence and neutrality.

A joint communique issued by Khrushchev and Kekkonen gave no details of the discussions. But diplomatic quarters in Moscow were encouraged by the tone of the communique, which referred to "a hearty and friendly atmosphere."

Kekkonen will fly back to Moscow Saturday then take the train for home.

The conference opened shortly after Khrushchev reached the city after interrupting a tour of Siberian farming areas.

HOURS TO KILL

THE STORY: Miss Elizabeth Honeyman, who professes to be a close friend of Mrs. Foale, calls on Margaret. She telephoned previously.

Chapter X
Margaret nonchalantly proceeded into the kitchen. Beyond her, as she put the shirbet in the freezer and dropped the magazines and cards behind the breadbox, she heard the pantry drawers open and close. Miss Honeyman appeared in the doorway.

"Now, I wonder where . . ." She was giving cabinets and surfaces an inventorying stare. "Of course, Isabel left so suddenly . . . Might it be in a bookcase, I wonder?"

How hard it was, how almost impossible, to imagine either her or Mrs. Foale in serious possession of a cookbook.

Miss Honeyman might well be inspecting the house, on her friend's behalf, for crayon on the walls, jam on the slipcovers, modeling clay on the floors. Certainly her glance at the bookshelves was cursory. Straightening, she proceeded to put Margaret through an interrogation whose full insistence did not register at the time.

No, she hadn't taken the house herself; it had been rented by her sister and brother-in-law, Mr. and Mrs. Philip Byrne. Her sister had been ill with flu, so they were off on a recuperating trip while she, Margaret looked after the house.

Oh, didn't they, Miss Honeyman inquired rather disinterestedly, have help?

Margaret, beginning to bristle, explained about the housekeeper's fall and broken hip and their feeling of responsibility in leaving a furnished house vacant. She could

Pictures of Hope's 14-6 Loss to Nashville Scrappers

— Hope Star photos from press-box with 15-inch Schneider lens

TOP LEFT — THIS 2ND-QUARTER PHOTO AT HAMMONS STADIUM Thanksgiving Day shows Hope Quarterback Tony McLarty (arrow) in a 6-yard dash from the 33-yard-line to Nashville's 32. Hope No. 75 is Tackle Kendall Yocom. Crouched next to him is Left End Tammy Roberts. In front of Roberts is Left Guard Tony Purtle. Just to right of Purtle is Fullback Roy Wray (31). Behind Wray is Right Tackle Charles Beyerley. Nashville players are: End T. Blaine (40), extreme left, and Tackle D. Rhodes (72), extreme right.

LEFT MIDDLE — NASHVILLE'S CENTER, C. PINKTON (ARROW), got off to a good start in this end-around run in the second quarter — but he was tackled by Bobcat Halfback Richard McDowell (24), coming up from middle of picture, and thrown for a 2-yard loss. Hope players, left to right: End Tommy Roberts (84), End Billy Compton (85) Left Guard Tony Purtle (64), Left Tackle Kendall Yocom (75), Guard Charles Beggs (77), and, in front, Fullback Charles Dudley (30).

LEFT BOTTOM — THIS WAS THE BIG MOMENT OF THE GAME for Hope — the opening touchdown scored by Left End Billy Compton (85) (arrow) in the first quarter. It was a pass by Quarterback Tony McLarty from the 10-yard line to Compton in the north end zone that turned the trick, with 1 minute 15 seconds to go in the quarter. Kick for the extra point failed, but Hope led until near the end of the first half, 6-0. The Star's editor apologizes to Nashville fans for missing the Scrapper's first touchdown. The Scrappers were on Hope's goal line with only a couple of plays left before the halftime activities, when Hope intercepted a pass. The Editor, chewing the fat in the press-box with Editor Louis Graves of the Nashville News put up the camera for the moment. But the officials ruled pass-interference, returned the ball to Nashville's possession — and the Scrappers went over for a touchdown and a 7-6 lead in one play, and no picture.
